

Curriculum Vitae 2019.

Name	Dr Christopher Hugh MITCHELL
Date of birth	21st October, 1969
Qualifications	FANZCA Jan 2009 Diploma in Obstetrics DRANZCOG 1998. Rural Anaesthetics – Passed Viva in March 2001. FRACGP 2002 Diploma of Rural General Practice. 2002. M.B.B.S. Melbourne University 1994.
Professional memberships	ANZCA Australian New Zealand College of Anaesthetist ASA Australian Society of Anaesthetists
Committees	RASIG Regional Anaesthesia Special Interest Group
Awards	SMITHS/ASA Young Investigator Award in Anaesthesia: For PERUSAL study as described below.
Current Anaesthetic Consultant Positions	Sir Charles Gardiner Hospital
Educational Roles	Regional anaesthesia clinical fundamental tutor at SCGH . Supervisor of regional anaesthesia fellowship program.
Presentations	ARACUS 2009 - 2018. Needling skills. ANZCA ASM – Perth 2012 Ultrasound of the spine – What can we learn Adelaide 2015. The use of ultrasound in Obstetric anaesthesia ASA NSC Perth 2007 PERUSAL – Pre-epidural ultrasound assessment of landmark Perth 2017 Ergonomics

ASURA

Sydney 2012 : The development of the Mitchell Needle

Auckland 2014 : Teaching at the coal face

Perth 2014 : Fellowship programs

Noosa 2017 : All Around the Block: how we can use simulation to teach regional anaesthesia

Noosa 2019 : Education and training in regional anaesthesia

Bunker Bay WA

2012 Ultrasound guided Epidurals: Should we bother?

Research

Pre-epidural ultrasound assessment of landmarks in obese parturients; an observational pilot study and description of a new ultrasound landmark and technique. Mitchell C, McDonnell NJ, Paech MJ. AIC Abstract 2007

Porcine Phantom for Ultrasound-guided Neuraxial Blockade, *F. Gilmour, C. Mitchell, G. Hocking*, eBJA 2010

A Review of the Benefits and Pitfalls of Phantoms in Ultrasound-Guided Regional Anesthesia. Graham Hocking, Simon Hebard, Christopher H. Mitchell. *Regional Anesthesia and Pain Medicine*, Volume 36, Number 2, March-April 2011

The role of echogenic needles Dr Hocking & Dr Mitchell. *Current Opinion in Anaesthesia* October 2012

View of the internal jugular vein and carotid artery in their true anatomical position; James Hutchinson, Kwok F. Hor, Yoke M. Wong and Chris Mitchell. *Eur J Anaesthesiol* 2013; 30:1–2

Does A Catheter over Needle System Reduce Infusate Leak in Continuous Peripheral Nerve Blockade: A Randomised Controlled Trial

R. M. Edwards, , D. A. Currigan, S. Bradbeer, C. Mitchell, *Anaesthesia and Intensive Care*, vol. 46, 5: pp. 468-473. 2018.

Inventor

Inventor of market leading echogenic technology used on the Pajunk range of needles. 2008.

Education

Swan Hill High School, Victoria, 1982-83
Melbourne Church of England Grammar School, Victoria, 1984-1987
Melbourne University Medical School, 1988-1994
Austin and Repatriation Hospitals Clinical School, 1991, 1992, 1994
Rural GP training – WA
Anaesthetic Training – Perth WA

Sports

Snow skiing, Stand Up Paddle boarding.
